GENERAL RECOMMEDATIONS

SkylineNomad: Hey everyone! I'm new to playing the piano and was wondering if you all have any tips for someone just starting out?
[02.03.24, 13:19:38]

You: I'd suggest starting with a simple daily practice routine. Focus on scales and basic finger exercises to build dexterity.
[02.04.24, 13:20:45]

SkylineNomad: That's helpful! What about songs? I'd love to learn something fun but not too hard.
[02.04.24, 14:02:35]

WanderWolf42: For beginners, I always recommend they start with scales, simple songs, and a solid method book. It sets a strong foundation!
